EXPLANATORY NOTE

This Amendment No. 1 to Form 10-K (this “Amendment”) amends the Annual Report on Form 10-K for the fiscal year ended December 31, 2020 (the “2020 Form 10-K”) originally filed on February 22, 2021 (the “Original Filing”) by Plus Therapeutics, Inc., a Delaware corporation (“Plus,” the “Company,” “we,” or “us”). We are filing this Amendment to present the information required by Part III, Items 10 through 14 of the 2020 Form 10-K. In addition, as required by Rule 12b-15 under the Securities Exchange Act of 1934, as amended, new certifications by the Company’s principal executive officer and principal financial officer under Section 302 of the Sarbanes-Oxley Act of 2002 (the “302 Certifications”) are being filed as exhibits to this Amendment. Because no financial statements are contained within this Amendment, we are not filing currently dated certifications pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. Accordingly, in addition to amending Items 10 through 14 of Part III to provide the omitted information, Item 15 of Part IV and the Exhibit Index referenced therein are being amended and restated in their entirety to include the new 302 Certifications. This Amendment also amends the cover page to update the number of shares of the Company’s common stock outstanding and to remove the statement that information is being incorporated by reference from our definitive proxy statement.

Except as described above, no other changes have been made to the Original Filing. The Original Filing continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the Original Filing.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. This Code of Business Conduct and Ethics has been posted on our website at www.plustherapeutics.com. We intend to post amendments to this code, or any waivers of its requirements, on our website at www.plustherapeutics.com under Investor Relations – Corporate Governance, as permitted under SEC rules and regulations. To date, there have been no waivers under our Code of Business Conduct and Ethics. Board Independence

The Board has determined that Mr. Clowes, Dr. van Es-Johansson, Mr. Hawkins, Dr. Lenk and Mr. Petersen are “independent” under the rules of the Nasdaq Stock Market. Under applicable SEC and Nasdaq rules, the existence of certain “related person” transactions above certain thresholds between a director and the Company are required to be disclosed and preclude a finding by the Board that the director is independent. The Board has therefore deemed Dr. Hedrick, our President and Chief Executive Officer, as not independent, as a result of his employment with us during his tenure as one of our directors.

Board Committees

The Board has standing audit, compensation, and governance and nominating committees. All members of the compensation committee, audit committee, and governance and nominating committee are independent directors under the applicable SEC and Nasdaq rules.

Compensation Committee

The compensation committee currently consists of Mr. Petersen and the compensation committee chair, Mr. Clowes. Each of the members of our compensation committee is independent, as defined by Nasdaq, and is a “non-employee director” as defined by rule 16b-3(b)(3)(i) of the Exchange Act. The compensation committee chair is responsible for setting the compensation committee’s calendar and meeting agenda. The charter of the compensation committee has been established and approved by the Board, and a copy of the charter has been posted on our website at www.plustherapeutics.com under Investor Relations – Corporate Governance.

The functions of the compensation committee include, among other things:

- developing and implementing compensation programs for our executive officers and other employees, subject to the discretion of the full Board;
- establishing base salary rates, benefits and other compensation matters for each of our officers;

[Table of Contents](#)

- reviewing and discussing compensation related disclosures with management and making a recommendation to the Board regarding the inclusion of such disclosures in our annual proxy statement or Form 10-K, as applicable.

Our Chief Executive Officer attends some of the meetings of the compensation committee upon invitation, but does not participate in the executive sessions of the compensation committee or in any discussions regarding Chief Executive Officer compensation.

Audit Committee

Our audit committee currently consists of Mr. Clowes, Dr. van Es-Johansson and the audit committee chair, Mr. Petersen. The audit committee is comprised solely of independent directors, as defined by Nasdaq and applicable SEC rules and meet the qualifications for audit committee membership under the Nasdaq rules. The Board has determined that Mr. Petersen is an “audit committee financial expert” within the meaning of Item 407(d)(5) of SEC Regulation S-K. The charter of the audit committee has been established and approved by the Board, and a copy of the charter has been posted on our website at www.plustherapeutics.com under Investor Relations – Corporate Governance.

The functions of the audit committee include, among other things:

- independently assessing the effectiveness of our internal controls over financial reporting;
- review management’s and our independent auditor’s report on their assessment of the effectiveness of internal control over financial reporting as of the end of each fiscal year;
- selecting our auditors and reviewing the scope of the annual audit;

The governance and nominating committee is comprised solely of independent directors, as defined by Nasdaq. The charter of the governance and nominating committee has been established and approved by the Board, and a copy of the charter has been posted on our website at www.plustherapeutics.com under Investor Relations – Corporate Governance.

The functions of the governance and nominating committee include, among other things:

Item 11. Executive Compensation.

Director Compensation

Generally, our Board believes that the level of director compensation should be based on time spent carrying out Board and committee responsibilities and be competitive with comparable companies. In addition, the Board believes that a significant portion of director compensation should align director interests with the long-term interests of stockholders. The Board makes changes in its director compensation practices only upon the recommendation of the compensation committee, and discussion and approval by the Board.

Director Compensation

Our Board, following the compensation committee's recommendation, has approved the compensation of our non-employee directors, as described below. The compensation of our non-employee directors remains the same as in 2020. The compensation committee believes that our non-employee director compensation remains aligned with director compensation practices at our peer companies while considering the ongoing cash constraints of the Company.

The cash component of our non-employee director compensation is as follows:

- \$40,000 annual cash retainer for Board members;
- \$30,000 annual cash retainer for the Chairman of the Board;
- \$25,000 annual cash retainer for the Chairman of the audit committee;
- \$15,000 annual cash retainer for the Chairman of our compensation committee
- \$10,000 annual cash retainer for the Chairman of our governance and nominating committee; and
- \$5,000 annual cash retainer for each non-Chairman committee member.

Each new director also receives an initial option grant, upon commencement of services, to purchase 40,000 shares of our common stock, vesting over two years in equal, annual installments as measured from the grant date.

2020 Director Compensation

The following table summarizes director compensation awarded to, earned by or paid to our non-employee directors who served on our Board during fiscal year 2020:

Narrative Disclosures to Summary Compensation Table

In the process of determining compensation for our NEOs, the compensation committee considers the current financial position of the Company, the strategic goals of the Company, and the performance of each of our NEOs. The Committee retained Larry Setren & Associates in February 2020 to perform an independent compensation review and to provide compensation research, analysis and recommendations. In addition, from time to time, the compensation committee considers the various components (described below) of our compensation program for executives in relation to compensation paid by other public companies, compensation data from Radford Global Life Sciences Survey and BIOCOTM Total Rewards Survey, their historical review of all executive officer compensation, and recommendations from our Chief Executive Officer (other than for his own salary). From time to time, the compensation committee also engages the services of outside compensation consultants. The compensation committee has the sole authority to select, compensate and terminate its external advisors.

The compensation committee utilizes the following components of compensation (described further below) to strike an appropriate balance between promoting sustainable and excellent performance and discouraging any excessive risk-taking behavior:

- Base salary;
- Annual long-term equity compensation;
- Personal benefits and perquisites; and
- Acceleration and severance agreements tied to changes on control of the Company.

Base Salaries

None of our NEOs received base salary increases for 2020.

Annual Bonuses

Target bonuses are reviewed annually and established as a percentage of the executives' base salaries, generally based upon seniority of the officer and targeted at or near the median of the peer group (with reference to our corporate compensation philosophy) and relevant survey data (including the Radford Global Life Sciences Survey and BIOCOTM Total Rewards Survey). Each year, the compensation committee establishes corporate and individual objectives and respective target percentages, taking into account recommendations from our Chief Executive Officer as it relates to executive positions other than the Chief Executive Officer's compensation. Our Chief Executive Officer's target bonus is set by the compensation committee to align entirely with our overall corporate objectives. After each fiscal year-end, our Chief Executive Officer provides the compensation committee with a written evaluation showing actual performance as compared to corporate and/or individual objectives, and the compensation committee uses that information, along with the overall corporate performance, to determine what percentage of each executive's bonus target will be paid out as a bonus for that year. Overall, the compensation committee seeks to establish the corporate and individual functional goals to be highly challenging yet attainable.

For 2020, the general corporate goals approved by the Board (upon recommendation of the compensation committee for purposes of executive compensation) were determined by the compensation committee to account for 115% of the target cash bonus amount payable to Chief Executive Officer, Dr. Hedrick and Chief Financial Officer, Mr. Sims. The Company's general corporate objectives included clinical, financial and operational objectives (including the pipeline expansion goals); the achievement of certain year-end cash objectives, revenue goals and business development objectives; and various operational objectives.

[Table of Contents](#)

Dr. Hedrick's target bonuses for 2020 as a percentage of base salary was 55% (unchanged from 2019). Mr. Sims' target bonus for 2020 as a percentage of base salary was 30%. In February 2021, the compensation committee evaluated our achievement and results in 2020 as compared to the overall corporate and individual objectives for Dr. Hedrick and Mr. Sims and the results are tabulated in the table below:

Officer and Position	Target Bonus as a % of Salary	% of Target Bonus Awarded	Bonus Awarded as % of Salary	Amount of 2020 Bonus Payable in 2021⁽¹⁾
Marc H. Hedrick, M.D. <i>President & Chief Executive Officer</i>	55.00%	115%	63.25%	\$322,575
Andrew Sims <i>Chief Financial Officer</i>	30.00%	111.25%	33.38%	86,775

(1) The 2020 bonus amounts are payable in 2021.

The target bonuses (as a percentage of base salary) for Dr. Hedrick for fiscal year 2021 remain unchanged from the 2020 target bonuses described above. The target bonus for Mr. Sims for fiscal year 2021 increased to 35% from the 2020 target bonus described above.

Long-Term Equity Compensation

We designed our long-term equity grant program to further align the interests of our executives with those of our stockholders and to reward the executives' longer-term performance. Historically, the compensation committee has granted individual option grant awards, although from time-to-time, to further increase the emphasis on compensation tied to performance, the compensation committee may grant other equity awards as allowed by the 2020 Equity Incentive Plan. The compensation committee grants stock options, restricted stock, restricted stock units and similar equity awards permitted under our plans based on its judgment as to whether the complete compensation packages to our executives, including prior equity awards, are appropriate and sufficient to retain and incentivize the executives and whether the grants balance long-term versus short-term compensation. The compensation committee also considers our overall performance as well as the individual performance of each of our NEOs, and the potential dilutive effect of restricted stock awards, and the dilutive and overhang effect of the equity grant awards, and recommendations from the Chief Executive Officer (other than with respect to his own equity awards).

Stock options are granted with an exercise price equal to the fair market value of our common stock on the date of grant.

For the year ended December 31, 2020, our Chief Executive Officer was awarded 140,000 option awards and our Chief Financial Officer was awarded 40,000 option awards. No option awards were awarded to our NEOs during the year ended December 31, 2019.

Personal Benefits and Perquisites

All of our executives are eligible to participate in our employee benefit plans, including medical, dental, vision, life insurance, short-term and long-term disability insurance, flexible spending accounts, 401(k), and an Employee Stock Purchase Program (the "ESPP"). These plans are available to all full-time employees. In keeping with our philosophy to provide total compensation that is competitive within our industry, we offer limited personal benefits and perquisites to executive officers that include supplemental long-term disability insurance. You can find more information on the amounts paid for these perquisites to or on behalf of our NEOs in our 2020 Summary Compensation Table.

- (2) Unless otherwise provided, unvested stock options are subject to four-year vesting (from the grant date), and all stock options have a contractual term of 10 years from the date of grant. Awards presented in this table contain one of the following two vesting provisions:
 - With respect to an initial stock option grant to an employee, 25% of the shares subject to the award vest on the one-year anniversary of the vesting start date, while an additional 1/48th of the remaining option shares vest at the end of each month thereafter for 36 consecutive months, or
 - With respect to stock option grants made to an employee after one full year of employment, 1/48th of the shares subject to the award vest at the end of each month over a four-year period, as measured from the vesting start date.
- (3) We consummated a 1-for-15 reverse stock split in May 2016, a 1-for-10 reverse stock split in May 2018 and a 1-for-50 reverse stock split in August 2019. The amounts set forth in this column reflect these three reverse stock splits.

Agreements with Our Named Executive Officers and our Chief Financial Officer and Potential Payments Upon Termination or Change of Control

Below are descriptions of the employment agreements and offer letter agreements with our named executive officers and current chief financial officer. The agreements with our current executive officers generally provide for at-will employment and set forth the executive officer’s initial base salary and eligibility for employee benefits.

Agreement with Marc H. Hedrick, M.D.

On March 11, 2020, we entered into an Executive Employment Agreement (the “Hedrick Employment Agreement”) with Dr. Hedrick. Pursuant to the terms of the Hedrick Employment Agreement, Dr. Hedrick receives an initial annual base salary of \$510,000 and is eligible to receive an initial annual target bonus of 55% of his base salary. Dr. Hedrick is also eligible to participate in, subject to applicable eligibility requirements, all of our benefit plans and fringe benefits and programs that may be provided to our executives from time to time.

Agreement with Andrew Sims

On March 11, 2020, we entered into an Executive Employment Agreement (the “Sims Employment Agreement” and, together with the Hedrick Employment Agreement, the “Executive Employment Agreements”) with Mr. Sims. Pursuant to the terms of the Sims Employment Agreement, Mr. Sims receives an initial annual base salary of \$260,000 and is eligible to receive an initial annual target bonus of 30% of his base salary. Mr. Sims is also eligible to participate in, subject to applicable eligibility requirements, all of our benefit plans and fringe benefits and programs that may be provided to our executives from time to time.

Potential Payments upon Termination or Change of Control

Pursuant to the Executive Employment Agreements, in the event of a Change of Control, if Dr. Hedrick or Mr. Sims is terminated within twelve months of such Change of Control (such terminated individual, as applicable, a “Terminated Executive”) and so long as the Terminated Executive executes a release agreement with the Company, and subject to applicable withholdings, the Terminated Executive would be entitled to receive (a) cash severance in an amount equal to 18 months of the Terminated Executive’s then-current base salary, (b) an amount equal to the Terminated Executive’s target bonus for the year in which he is so terminated, and (c) an amount equal to the 18 months’ worth of total premium payments for continuation coverage pursuant to COBRA.

Under the Executive Employment Agreements, “Change in Control” has the meaning given to such term in clauses (i) and (ii) of Section 2.1(h) of the Company’s 2014 Equity Incentive Plan, as in effect on the date thereof; provided that in no event shall an issuance of securities by the Company for financing purposes be deemed a Change in Control for purposes of the employment agreements. Notwithstanding the foregoing, to the extent required by Section 409A of the Code, if a Change in Control would give rise to a payment or benefit event with respect to any payment or benefit hereunder that constitutes “nonqualified deferred compensation,” the transaction or event constituting the Change in Control must also constitute a “change in control event” (as defined in Treasury Regulation §1.409A-3(i)(5)) in order to give rise to the payment or benefit, to the extent required by Section 409A of the Code.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

Related Party Transactions

We have adopted a Related Person Transactions Policy that sets forth our policies and procedures regarding the identification, review, consideration, and oversight of “related person transactions.” For purposes of our policy only, a “related person transaction” is a transaction, arrangement, or relationship (or any series of similar transactions, arrangements or relationships) in which we or any of our subsidiaries are participants involving an amount that exceeds \$120,000, in which any “related person” has a material interest.

Transactions involving compensation for services provided to us as an employee, consultant, or director are not considered related person transactions under this policy. A related person is any executive officer, director or a holder of more than 5% of any class of our voting securities (including our common stock), including any of their immediate family members and affiliates, including entities owned or controlled by such persons.

Under the policy, the related person in question or, in the case of transactions with a holder of more than 5% of any class of our voting securities, an officer with knowledge of the proposed transaction, must present information regarding the proposed related person transaction to our audit committee (or, where review by our audit committee would be inappropriate, to another independent body of our Board) for review. To identify related person transactions in advance, we rely on information supplied by our executive officers, directors, and certain significant stockholders. In considering related person transactions, our audit committee considers the relevant available facts and circumstances, which may include, but not limited to:

- the risks, costs, and benefits to us;
- the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties.

Our audit committee will approve only those transactions that it determines are fair to us and in our best interests. All of the transactions described above were entered into prior to the adoption of such policy.

The following includes a summary of any related party transactions during the last two completed fiscal years to which we have been a party. We also describe below certain other transactions with our directors, executive officers and 5% stockholders. We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, from unaffiliated third parties.

Director and Officer Indemnification

Our amended and restated certificate of incorporation, as amended, and our amended and restated bylaws, as amended, provide that we will indemnify each of our directors and officers to the fullest extent permitted by the Delaware General Corporation Law.

Stock Option Grants to Executive Officers and Directors

We have entered into employment agreements with our executive officers pursuant to which we pay our executive officers annual salaries and bonuses as more fully described above under “Executive Compensation”. Further, we have granted stock options to our executive officers and non-employee directors as more fully described above under “Director Compensation.”

Item 14. Principal Accounting Fees and Services.

Principal Accountant Fees and Services

On July 12, 2016, the audit committee appointed BDO USA, LLP, or BDO, as our independent registered public accounting firm for the fiscal year ending December 31, 2016, subject to completion of its standard client acceptance procedures (which were subsequently completed). Additionally, the audit committee appointed BDO as our independent public accounting firm for the fiscal years ending December 31, 2017, December 31, 2018, December 31, 2019, and December 31, 2020. The decision to engage BDO as our independent registered public accounting firm was recommended by the audit committee and approved by the Board.

The audit committee reviews and must pre-approve all audit and non-audit services performed by our independent registered public accounting firm, as well as the fees charged by it for such services. No fees charged by BDO during 2020 were approved under the Regulation S-X Rule 2.01(c)(7)(i)(C) exception to the pre-approval requirement. In its review of non-audit service fees, the audit committee considers, among other things, the possible impact of the performance of such services on the accounting firm’s independence.

The following table shows the aggregate fees paid or accrued by us for the audit and other services provided by BDO for fiscal years ended December 31, 2020 and 2019.

	Fiscal Year Ended December 31,
