Consisting of an Aggregate of Up to 7,843,137 Shares of Common Stock  
and Warrants to Purchase Up to 3,921,568 Shares of Common Stock  
at a Subscription Price of \$2.55 Per Unit**

This Prospectus Supplement No. 2 amends and supplements the prospectus dated May 26, 2016, which forms a part of our Registration Statement on Form S-1 (Registration No. 333-210628). This Prospectus Supplement No. 2 is being filed to amend and supplement certain information included in the prospectus with the information contained in this Prospectus Supplement No. 2.

The prospectus and this Prospectus Supplement No. 2 relate to our distribution to holders of our common stock, at no charge, non-transferable subscription rights to purchase units. Each unit, which we refer to as a Unit, consists of one share of common stock and 0.5 of a warrant, which we refer to as the Warrants. Each whole Warrant will be exercisable for one share of our common stock. We refer to the offering that is the subject of this prospectus as the Rights Offering. In the Rights Offering, you will receive one subscription right for each share of common stock owned at 5:00 p.m., Eastern Time, on May 20, 2016, the record date of the Rights Offering, or the Record Date. The common stock and the Warrants comprising the Units will separate upon the closing of the Rights Offering and will be issued separately but may only be purchased as a Unit, and the Units will not trade as a separate security. The subscription rights will not be tradable.

On June 5, 2016, we determined that the subscription price for the Subscription Rights should be reduced to \$2.55 per Unit and that the Warrant exercise price should be reduced to \$3.06 per share. Accordingly, each subscription right will entitle you to purchase one Unit, which we refer to as the Basic Subscription Right, at a subscription price per Unit of \$2.55, which we refer to as the Subscription Price. Each whole Warrant entitles the holder to purchase one share of common stock at an exercise price of \$3.06 per share from the date of issuance through its expiration 30 months from the date of issuance. If you exercise your Basic Subscription Rights in full, and any portion of the Units remain available under the Rights Offering, you will be entitled to an over-subscription privilege to purchase a portion of the unsubscribed Units at the Subscription Price, subject to proration and ownership limitations, which we refer to as the Over-Subscription Privilege. Each subscription right consists of a Basic Subscription Right and an Over-Subscription Privilege, which we refer to as the Subscription Right.

In addition, on June 5, 2016, we elected to extend the period during which the subscription rights may be exercised so that they will expire if they are not exercised by 5:00 p.m., Eastern Time, on June 10, 2016. All references in the prospectus to a different time or date for the subscription period to end are hereby amended. In all other respects, the terms of the rights offering remain in effect as set forth in the prospectus. We may further extend the rights offering period in our sole discretion. If we elect to extend the Rights Offering, we will issue a press release announcing the extension no later than 9:00 a.m., Eastern Time, on the next business day after the most recently announced expiration date of the Rights Offering. Our board of directors reserves the right to terminate the Rights Offering for any reason any time before the closing of the Rights Offering. If we terminate the Rights Offering, all subscription payments received will be returned within 10 business days, without interest or deduction. We expect the Rights Offering to expire on or about June 10, 2016, subject to our right to extend the Rights Offering as described above, and that we would close on subscriptions within five business days. Once made, all exercises of Subscription Rights are irrevocable.

We have not entered into any standby purchase agreement or other similar arrangement in connection with the Rights Offering. The Rights Offering is being conducted on a best-efforts basis and there is no minimum amount of proceeds necessary to be received in order for us to close the Rights Offering.

We have engaged Maxim Group LLC to act as dealer-manager in the Rights Offering.

**Investing in our securities involves a high degree of risk. See the section entitled "Risk Factors" beginning on page 21 of the prospectus. You should carefully consider these risk factors, as well as the information contained in this prospectus, before you invest.**

Broadridge Corporate Issuer Solutions, Inc. will serve as the Subscription and Information Agent for the Rights Offering. The Subscription Agent will hold the funds we receive from subscribers until we complete, abandon or terminate the Rights Offering. If you want to participate in this Rights Offering and you are the record holder of your shares, we recommend that you submit your subscription documents to the Subscription Agent well before the deadline. If you want to participate in this Rights Offering and you hold shares through your broker, dealer, bank or other nominee, you should promptly contact your broker, dealer, bank or other nominee and submit your subscription documents in accordance with the instructions and within the time period provided by your broker, dealer, bank or other nominee. For a detailed discussion, see "The Rights Offering – The Subscription Rights."

We have applied to list the Warrants on NASDAQ following their issuance under the symbol "CYTXW." The Subscription Rights are non-transferrable and will not be listed for trading on NASDAQ or any other stock exchange or market. You are urged to obtain a current price quote for our common stock before exercising your Subscription Rights.

## DILUTION

Purchasers of our common stock contained in the Units sold in the Rights Offering (and upon exercise of the Warrants contained in the Units) will experience an immediate dilution of the net tangible book value per share of our common stock. Our net tangible book value as of March 31, 2016 was approximately \$(5.1) million, or \$(0.38) per share of our common stock (based upon 13,310,740 shares of our common stock outstanding). Net tangible book value per share is equal to our total tangible assets less our total liabilities, divided by the number of shares of our outstanding common stock.

Dilution per share of common stock equals the difference between the subscription price per Unit paid by purchasers in the Rights Offering (ascribing no value to the Warrants contained in the Units) and the net tangible book value per share of our common stock immediately after the Rights Offering.

Based on the sale by us in this Rights Offering of a maximum of 7,843,137 Units (consisting of 7,843,137 shares of our common stock and Warrants to purchase an aggregate of 3,921,568 shares of common stock upon exercise), at the Subscription Price of \$2.55 per Unit, and after deducting estimated offering expenses and dealer-manager fees and expenses payable by us and assuming no exercise of the Warrants, our pro forma net tangible book value as of March 31, 2016 would have been approximately \$13.1 million, or \$0.62 per share. This represents an immediate increase in pro forma net tangible book value to existing stockholders of \$1.00 per share and an immediate dilution to purchasers in the Rights Offering of \$1.93 per share. The following table illustrates this per-share dilution:

Subscription Price		\$ 2.55
Net tangible book value per share as of March 31, 2016	\$ (0.38)	
Increase in net tangible book value per share attributable to Rights Offering	\$ 1.00	
Pro forma net tangible book value per share as of March 31, 2016, after giving effect to Rights Offering		\$ 0.62
<b>Dilution in net tangible book value per share to purchasers in the Rights Offering</b>		<b>\$ 1.93</b>

The information above is as of March 31, 2016 and excludes:

- 829,074 shares of common stock issuable upon the exercise of stock options outstanding as of March 31, 2016 with a weighted average exercise price of \$29.10 per share;
- 17,960 shares of common stock issuable upon the vesting of outstanding restricted stock awards;
- 99,412 shares of common stock available for future grants under our 2014 Equity Incentive Plan as of March 31, 2016; and
- 66,667 shares of common stock available for future grants under our 2015 New Employee Incentive Plan as of March 31, 2016; and
- 218,380 shares of our common stock issuable upon the exercise of outstanding warrants as of March 31, 2016 with a weighted-average exercise price of \$22.20 per share.
